3. Being well equipped is not a substitute for technique, experience and good judgment. Do not overestimate rental equipment. Rented items, whatever they are, should be inspected with great care before use. If you are concerned that a piece of rental equipment might be inadequate for your purpose, then don't rent it.
4. I understand that outdoor winter sports (cross country skiing, & snow shoeing) contain risks and can cause physical damage. I, hereby, release and discharge Lafleur de la Capitale (Quebec) Inc., the City of Ottawa and any of its employees from any claims for accidents or injuries to either person or property, and for any medical expenses sustained in consequence of any accidents, injuries or loss which may result from use of the equipment.
5. I also agree to pay for any damage that occurs to the rental equipment while it is in my care; I realize being well-equipped is not a substitute for technique and experience.
6. I, hereby, have read the discharge and consent to participate in outdoor activities.
